Reasons for Submission

Westland Mineral Sands has implemented impressive environmental practices that prioritize sustainability and conservation. Their commitment to minimizing ecological impact is evident through initiatives aimed at reducing waste and promoting biodiversity. Additionally, their role in providing employment opportunities for the West Coast community has significantly contributed to local economic growth. The ongoing expansion project not only promises to enhance production capabilities but also aims to incorporate even more environmentally friendly technologies, ensuring that their operations align with both community needs and ecological responsibility. This holistic approach positions Westland Mineral Sands as a leader in the industry, balancing economic development with environmental stewardship.

I seek the following decision from the Consent Authorities:

That the application be **granted** in its entirety.
