I **support** the applications referenced within this document I **do not wish to be heard** in support of this submission at any hearing that may be held.

I wish to receive **electronic** copies of the s42A Officer's Report and Decision.

Reasons for Submission

I strongly support the mining of the mineral resources that are available to us in NZ. It needs to be managed in a responsible manner, mined areas need to be returned to, as close as practically possible to pre-mined state.

I applaud what the current government is doing to encourage mining in NZ.

I seek the following decision from the Consent Authorities:

That the application be **granted** in its entirety.
