Reasons for Submission

As a supplier of stockpiling and ship loading services to WMSNZ for their Nine Mile Mining Operation and as an interested party for the progression of sustainable mining and aggregate processing on the West Coast and within New Zealand in general we would like to support WMSNZ's submission for the Mananui mining project. We have found WMSNZ to be a good, sustainable and progressive operator and would support further development on similar projects to their Nine Mile mining operation as it benefits NZ Inc, the West Coast, the welfare of a number of family's they support and also indirectly the wider impact they have on the economy through the support of a number of suppliers and sub-contractors like ourselves.

~~/~~ we seek the following decision from the Consent Authorities:

That the application be **granted** in its entirety.
