I **have** served a copy of my / our submission on the Applicant as per s96(6)(b) of the Resource Management Act 1991.

**Reasons for Submission**

I see this application as a huge opportunity for the Westcoast firstly by creating skilled jobs, boosting the local economy, and securing a stronger future for all people involved, firstly with the project works locally and then ongoing maintenance requirements into the future.

Another plus to this project is the jobs it will create for our young people locally meaning that they will stay in the region, and this will put money back into the local economy.

**I seek the following decision from the Consent Authorities:**

That the application be **granted** in its entirety.
